As you entered the E-Room, all eyes were laid to many of the gorgeous decorations. The tables were covered with gold tinsel and there were fun decorations everywhere you looked. The most impressive decoration, however, was apparent as the couples entered the ballroom and stood in awe at the huge Eiffel tower standing in front of the room.

Euclid Panthers had a strong beginning for their season and it looked as though they were going to make the playoffs when they stumbled at the end and lost their last two games and finished with a 7-3 record and just missed the playoffs. Behind the strong running of Jaman Javey and the passing of Howard Drake the panthers chalked up victories against Lake Catholic, VASJ, Benedictine and Bedford before faltering against Shaw. They then had victories against Cleveland Heights, Lakewood and Shaker Heights before losing their last two games against Maple Heights and Mentor. Jaman Javey lead the area in yards gained and in scoring and had some incredible runs throughout the season. Howard Drake was excellent at quarterback and passed for about 1000 yards for the season.

The panthers had many talented players on the team. Jaman Javey and Brandon Timmons were picked for Division I First Team Offense and Mike Brewer and Devon Jennings for First Team Defense by the News Herald. Howard Drake, Andrew Bailey and Levonn Brock were picked Second Team Offense and Damon Lambert and Dennis Rodgers were picked for Second Team Defense. The Girls’ Soccer team had a tough season and were not able to win any games. They just didn’t have the talent to control the ball nor get it into their opponent’s net. The girls had a lot of fun and tried hard but it got to be very frustrating by the end of the season.
The 2006 Lady Panther Volleyball team didn’t have much luck and suffered because of a lack of talent in a young team. The varsity finished with a 2-21 record and the JV ended at 0-18. The team was young but most of the players were hoping for a better record. It was a sad situation but the girls had a lot of spirit and looked forward to each game with high expectations. They had a lot of fun playing together and it gave them a chance to make many new friends. Gabrielle Halton and Megan Mihalich were the only seniors on the team. Jessica Daniels, Katie Maxwell, Katie Klepac, Hayleigh Blaha, Anne Santorelli, Phylicia Williams and Dionna Laster made up the rest of the team and were the starters for the future. Bruce Matthews, Tamika Drake and Kim Natale were the coaches for the team.

The 2006-2007 version of the Girls’ basketball team struggled through the season with a 7-12 record. The team had good ball handlers and dribblers and played a fast game but they had a hard time getting the ball through the hoop. D’Angela Lavender was good at bringing the ball down the court but many times they never got a shot off and if it missed they seldom got a rebound. The girls worked hard and hung in throughout the game but they couldn’t dig their way out of the hole they began in. Ms. Lynn Phillips was the coach for the team.

Lee Barwick and Zach Sweet, boys and girls cross country teams suffered from a lack of participation. The boys, at least, had enough members to field a complete team but the girls did not have enough runners to field a complete team in five of their meets. The teams suffered from the graduation of several seniors. The coaches for the team were Karen Gainford and Julie Ann Yoe.

The Euclid Hockey Team was one of the better Euclid hockey teams in the past several years. Although the team was riddled with injuries they still managed to win a few matches. They placed second in the Brooklyn Tournament and even beat Brush for their first league win in three years. The team was coached by Mr. Tony Verch who hoped to improve the team by getting younger students interested in the hockey program.

-Dan Rice
Indoor Track

season gave students an excellent opportunity to get into condition for the spring outdoor track season. A problem this year, however, was that the condition of the surface of the indoor track had deteriorated through the years and needed replacement so there was only one home meet and that was just for the girls. All the other meets were held away. The teams still practiced on the track and threw the show in the gym balcony and ran the dashes and the hurdles in the first floor hallway. The team worked hard and was well prepared for the spring.

The 2007 version of the Euclid wrestling team showed a steady improvement throughout the season. One of the continuing problems was not enough participation so that some weight classes did not have wrestlers so we had to forfeit. Most of the matches that the team wrestled were tournaments where there were many schools represented. They only had one home match with Shaw and Collinwood. Dustin Cromie, Tim Lake and Ronnie Adkins were some of the better wrestlers on the team. The team was young with only a couple of seniors on the squad. Mr. Anthony Ranallo was the head coach while Mr. Mike Turk and Mr. Greg Sattler were assistants.

The boys and girls swim team worked hard throughout the season and accomplished much. The girls finished 5-7 and the boys 7-5. Both the boys and the girls finished fourth in the L.E.L. meet. Tim Hanson won the 100 m breast stroke and Yuri Doolan won the diving competition. Chris Eastburn became “All L.E.L.” when he placed second in the 100 m butterfly. The Flag Corps supplied the motion on the field when the Marching Band was playing at the beginning of the game and at half time. It consisted of a group of enthusiastic girls who loved to express themselves on the field. They had try outs in the spring and practiced with the band throughout the summer. This prepared them for what they would be doing in the fall. Waving and twirling their flags in time with the music they marched and danced through a fun fall season.

The Euclid Marching Band began practicing during the heat of the summer and developed several shows that they could use throughout the year. The band only had 110 members which limited the formations they could perform on the field. The members were directed on the field by field commanders, Bryan Svoboda and Annie Santorelli who kept the action coordinated. Along with the Flag Corps and the Cheerleaders, the band performed at every football game throughout the season. The band also got a chance to play at the fall sports pep rally that was held on October 20 instead of just the Drum Line. The director of the band is Ms. Diane Tizzano who keeps everything organized.

Many people felt that it was important to have some sort of spiritual guidance in their lives. Many people attended a church service for this guidance, but others found their guidance in the weekly CRAVE meetings at Euclid High School. The school year kicked off with the annual "Meet at the Pole" event, where students from around the country meet at the flag pole in their school. The first meeting occurred in the rain on September 20, so it was moved back to September 27, which turned out to be a nicer day. Throughout the year, the members met in the Band Room and sang and prayed together and listened to speakers. Ms. Diane Tizzano was the adviser for the group.

Chess Club gives students an opportunity to think

Kings versus Queens, Bishops versus Knights, rooks versus pawns. All against each other but aimed at the one main target which was the King. Chess wasn’t just a game, it was also logic and understanding of each piece as you moved your way across the board. It was a game of strategies and thinking many steps ahead. Every student was issued a locker at the beginning of the year. For most of them this was simply a place to store their belongings while they were at school. For some, however, their locker was a place where they could express their feelings about their school, their friends, the people they admire, the cars they admire or many other subjects that interested them. Many lockers were decorated with news clippings, pictures, stuffed animals or many other objects that showed their individuality. Their locker was their chance to show their creative ability.

The first few months of their first year in the Euclid High Schools. They had to adjust to the differences between middle schools and the upper schools. The sophomores were pretty much used to the ways of the school and could move around the building without getting lost. This was a big year for many of them since most of them were turning sixteen and were getting their driver’s license. This opened up all kinds of possibilities for them. The juniors were very involved in the daily life going on in the school and they were contributing positively to the environment. As athletes, juniors made up a big part of the teams and were an influential factor in the team records. The one thing they were all looking forward to, however, was becoming a senior.

Learning in a Liberal Way

The Academy of Intellectual & Interpersonal Development had a new leader for the 2006-07 year. Mr. Steve Hardaway came to Euclid from the Shaker Heights school system. The purpose of the school was to encourage the development of responsible, life-long learners who embraced diversity and peaceful conflict resolution in a supportive environment with rigorous academic standards. The school focused on conflict resolution through mediation and hosted the school mediation program.

HITTING THOSE PITCHES
Girls’ softball worked hard to hit in the runs.

The Euclid Varsity Softball team had a disappointing season with a record of 8-16. They had a hard time getting the winning runs. The team was led by big hitters like Amy Cosmo, Katie Puda, Dionna Laster, Katie Maxwell and Lindsey Sova. The team only had Ashley Miller and Jessica Zigman as seniors so the upcoming season looked good with the returning of the rest of the team.

Attention Euclid High School! The third and final chapter to the Berry Family saga is coming to an end as he prepares to begin a new chapter in his book of life. Tommie,

Watching you grow from a wild and crazy little boy to the charismatic young man you are today has been quite the adventure. Just thinking of the day the police came to your elementary school to “arrest” you. It’s amazing to see you be a leader in not only school and church, but also in the community. From the performances you make on the football field to the quarrels you resolve in the mediation room, you never fail to leave a smile on someone’s face. As you leave EHS, remember that even the greatest of leaders have at one point had to follow someone else. Choose wisely who these persons are and what they represent. We love you and we are very proud of you. In the words of our family song: “Hey now you better know it, know it. If you get some money, get rich!”
Janee',
I have watched you mature into a beautiful, intelligent young lady. I am proud to be your mother, and God has much in store for you.

Dear Carlo,
Where have these 18 years gone? As I sit here and write this message to you, I reflect back to the day you were born. What a beautiful baby boy. The best Christmas gift your dad and I could have ever received. Watching you grow, be part of your very “1st” and see the proud little face enjoy the recognition given would fill our days with purpose. You have brought so much happiness and pride in our lives. Your willingness to learn and self-determination to be the best possible you in your personal life as well as in your studies has earned you all that you enjoy today.

You always showed great interest in discovery. Your natural curiosity on how things would react when mixed together would usually make me cringe, especially when there was a “worm” involved. I guess that was when we recognized where your passion was as you continue to strive and learn as much as you can in the field you ultimately desire.

Your focus has always been steadfast, and yet, it wasn’t always simple, there have been some rough times for you in your young life, but it is as you said more than once, you didn’t allow it to break your spirit in continuing the road to achieving your dream, instead you used the negatives to make you stronger in your convictions. The beautiful qualities you possess at such a young age are to be envied.

Carlo, you are well on your way to achieving your dream and may our Heavenly Father continue to bless you and watch over you. You are a wonderful son and your dad and I are very proud of the fine and upstanding man that you are.

We love you and always thank your Maker for everything in your life
Mom and Dad

Dear Aisha,
We thank God every day for you. Every moment of your life has been a Blessing to us. Your humor and wit has always brought joy to us and all that know you. Now here you are getting ready to graduate from high school and make a life and career of your own.

Our prayer to you is to always keep God first in your life, know that you can do all things through Christ who strengthens you. Always set a high goal for yourself and work towards that goal. Stay as sweet as you are and remember we are always here for you and love you unconditionally.

With all our love,

To Our Darling Rachel:

We count ourselves blessed beyond measure to call you our daughter. You are so easy to love. You’ve been everything that we could possibly want in a baby girl. You are kind, lovely, smart, sweet, enterprising, a leader, a problem-solver, motivated, beautiful, talented, a peacemaker, well grounded, a gentle spirit, a chatterbox, hysterically funny, intelligent, focused, assertive, on-point, petite, gorgeous and blessed.

Rachel, Mama and Daddy are very proud of you and all you’ve accomplished so far in life. We thank God for the exquisite young woman you’ve become, seemingly overnight! Keep your hand in God’s hand and go on to do greater works.

We love you with all our hearts and we’ll always be in your corner.

Love now and always.
Mama and Daddy

Tasha,
From the moment I first held you in my arms, you have been my Greatest Pleasure; I Love You and have never been as Blessed as from the moment I learned you were arriving. Each year of your life you have grew more precious to me each day: Your Blossoming Individuality is an inspirational force in my life. The Secrets, The Hugs, The Tears, The Laughter, The Failures, and The Accomplishments we have shared have served only to reinforce that unbreakable bond between a Mother and a Daughter.
I might have only held you for a short period of time; however I will hold your heart forever. “I am so LUCKY to have you as MY DAUGHTER.” And wish you nothing but the Best life can offer for you in this new adulthood your about to enter. I’m very confident you will only accept the right paths towards your future. The LOVE I have for you remains forever, true and faithful. I know I have received the most precious gift of all.
And that’s, YOU Natasha Shady
“May the Lord Bless and Keep you, and Good Luck to you My Precious Daughter.”

"You have brains in your head
You have feet in your shoes,
You can steer yourself
Any direction you choose.
You’re on your own
And you know
What you know
And YOU are the guy
Who’ll decide where to go”
—Dr. Seuss—

Congrats kid, and best of luck to you in everything you do!
Love Always,
Your big sister

Danielle Weber

As a girl you twisted and twirled,
A “Rina” you wanted to be.
You tumbled around:
Pigtails and curls;
We all just waited to see.
You’ve grown into a lovely girl:
Smart and pretty;
And quite witty.
An upcoming grad.
I’d never thought I’d have—
Almost time for cap and gown.
Ready for take off;
But we will be here,
Always
To help you with your wings.
Love Ya!!
Mom and Dad

The 2007 Euclidian was published by Jostens' Printing and Publishing Division at State College, Pennsylvania. 240 copies were printed. The pages were printed on Gloss 90 paper stock and was in full color. All the pages were created using InDesign CS2. All pages were created on a Macintosh G4 computer running OS X 10.3. The computer had 1GB of RAM and a 120 GB hard drive and all files were backed up onto a pair of fire wire drives connected to the computer. The computer had a 17” and a 23” monitor connected to it so the pages could be displayed on the large monitor and all the tools were displayed on the 17” monitor. An iBook laptop computer was also used to take work back and forth between school and home. All the pictures in the book were displayed digitally. Most were taken with a Nikon D100 or D50 SLR digital camera or a Nikon Coolpix 900 digital cameras. Some pictures were supplied on film but they were scanned using a Canon LIDE 80 scanner and were placed digitally. The photos were processed using Photoshop 7.0 or Photoshop CS2 as the school year progressed. Microsoft Excel was used to make graphs and to keep records of yearbook sales and students’ names. The index was produced using Jostens’ Last Name First program. Pictures were printed with either a Black and White HP Laser Jet 1160 printer or a color Xerox Phaser 8400 printer. All the layouts were submitter to Jostens in pdf format by uploading directly to their server. The proofs were sent to the high school and corrected and returned on CD ROMS. The cover was designed by the Jostens Art Department. The pages were submitted to the printing plant on five deadlines; November 27, December 25, January 15, February 5 and February 26, 2007. Since the final deadline was in February nothing that occurred after that time could be included in the 2007 book. Because the book was all color deadlines had to consist of eight page multiples. Forty four seniors took advantage of the picture patron option and had their pictures included in the book. Also a large percentage of students ordered their yearbooks with their names engraved on the cover so they could be easily identified.

Thank You

The staff of the 2007 Euclidian would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, Mr. Bill von Benken for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: Ohio School Pictures, Inc. for taking the team, senior and underclass pictures. Jostens Yearbook Company for putting it all together in such an artistic manner, Mrs. Marsha Knauss for all the time she spent getting lists of students, mailing labels, organizing the picture days, choosing pictures and identifying students. Thanks also have to go out to all the students who wrote stories and took pictures that were included in the book. Last, but not least, thanks go to all the students of Euclid High Schools without which the book could not exist.
